3. Programme

a. Lectures

The lecture proposals are currently undergoing selection by the Organizing Committee. Lectures must never be longer than 15 minutes, allowing 5 minutes for questions and discussions. It is helpful to make a practice run beforehand and to cut if necessary. Participants are encouraged to use PowerPoint presentations in support of their lectures. Please make sure that all the drawings and illustrations used in your presentation are visible (profile drawings should be filled and ceramic illustrations enlarged) and relevant for the discussed topic. Do not overload your slides - many images into a single slide will not be legible in the lecture room. If possible, all the text and captions on your PowerPoint presentation should be in English, especially if you are planning to speak in another language. The Congress languages will be English, German, French, Italian and Spanish

b. Posters

The posters accepted for presentation will be on display during the Congress in the main corridor in the central building of the University, with a poster session taking place on **September 28th**.

All posters must be designed in a portrait layout (vertical position), A0 size (84.1 cm × 118.8 cm). Useful information regarding the printing of posters in Athens prior to the Congress will soon be posted on the website, should you consider this possibility.

c. Provisional programme

The provisional programme, with all the accepted presentations, will be posted on the Congress website as soon as possible. Please carefully check your name and lecture or poster title.
